Books

It's a unique way to get kids thinking about the "whys" all around them from an early age -- and, as an added bonus for parents, it's a far more interesting read than the average baby board book. Highly recommended for age 0 to 3. —A Mighty Girl Baby Loves Aerospace Engineering is an adorable introduction to the world of aerospace engineering. Your child will delight in bright and bold images as simple text explain the basic fundamentals of flight, from birds to planes to rockets.
