We've watched Bob from his final day as a living, breathing human to his final desperate battle to save humanity. It has been interesting watching the evolution of the character from the beginning of book one to the end of book three.

These Worlds on Goodreads. Description Edit. Being a sentient spaceship really should be more fun. But after spreading out through space for almost a century, Bob and his clones just can't stay out of trouble. They've created enough colonies so humanity shouldn't go extinct.
