Capitalism And Freedom By Milton

Capitalism and Freedom is a book by Milton Friedman originally published in 1962 by the University of Chicago Press which discusses the role of economic capitalism in liberal society. It sold over 400,000 copies in the first eighteen years and more than half a million since 1962. It has been translated into eighteen languages. Friedman argues for economic freedom as a precondition for political freedom. He defines "liberal" in European Enlightenment terms, contrasting with an American usage that

Capitalism and Freedom - Wikipedia

Milton Friedman proposes in this book very (classically) liberal policies, with arguments in their defense, to be instituted for the improvement and enlargement of individual freedom and liberty. His premise is that freedom is dependent on there existing a free enterprise market economy (or capitalism); not the other way around.

(PDF) Capitalism and freedom - Milton Friedman | Carlos ...

Capitalism and Freedom by Milton Friedman is about the role of competitive capitalism, which Friedman defines as “the organization of the bulk of economic activity through private enterprise operating in a free market, in creating in sustaining a system of economic and political freedom. And Friedman shows that link brilliantly through pointing out how centralization, government power, and government action in the economy all create problems and lead to a loss of freedom.
