Dave's Total Money Makeover, he writes, "We buy things we don't need with money we don't have to impress people we don't like." The futility of keeping up with the Joneses is a theme that Ramsey hammers home often, and it's a point worth making.

The Debt Snowball is David Ramsey's method of paying off debt with the smallest balance first. This strategy has been criticized because you would technically save more money and pay debts of faster if you started paying the highest interest rate debt first. However, he acknowledges this fact and counters it with a logical explanation.
