How to Convert a Honda Minivan to a Camper | USA Today

So it'd make more sense to sell your CNG vehicle and just buy a gasoline-powered one instead of spending a bunch of money de-converting it. I don't even know if it's possible on a modern car like the Civic GX. I am assuming this is a newer vehicle since you said it only has 25k.

Converting from CNG to gasoline? - General Questions ...

You need the full rear trailing arm assembly from a 94-01 integra or a 99-00 civic si. You need emergency brake cables from a 99-00 Si as well, or you can make the integra ones fit. I did, and it was a major pain in the ass. It's overall an easy swap. The biggest pain was routing the ebrake cables. Keep the toe arm from your civic.
