9781577660613 - Inquiries Into Chemistry, Third Edition by ...

Third Edition. Michael R. Abraham, Michael J. Pavelich. The laboratory course should do more than just acquaint the students with fundamental techniques and procedures. The laboratory experience should also involve the students in some of the kinds of mental activities a research scientist employs: finding patterns in data, developing mathematical analyses for them, forming hypotheses, testing hypotheses, debating with colleagues and designing experiments to prove a point.
