### Loving La The Low Carbon

LA is glorious, but complex. It is simultaneously blessed with space, good weather, diversity, history, high culture, and a wonderful wackiness where innovation reigns. There will always be a need for new ways to explore and rediscover this kaleidoscopic city.

### Loving LA | The Low Carbon Way

It was not long before she was taking friends along and sharing with them the places in LA that she loved. And that is how her latest book, Loving LA the Low Carbon Way (2015), written with her collaborator Jacqueline Chase, came into being. Jacqueline Frances Chase—was born in Greenwich Village in New York City. She rode public transportation throughout her childhood—even to go to high school, three Subway rides away in Brooklyn.

Green fiscal policy instruments like carbon taxation and fossil fuel subsidy reform can be especially effective in the current low oil price environment. For example, the IMF estimates that a carbon tax of \$75 per ton would increase pump prices by less than the overall decline due to the oil price collapse.
