Research is a key component to guide businesses with important strategy decisions, such as changing elements of their marketing mix and how this is likely to impact customer behaviours.

Using Research to Better Understand Your Target Market ...

Basic marketing principles are as true today as they were when first formulated; adherence to the “Four Ps” of Marketing: Product, Price, Place and Promotion, are still valid in the digital age. The “tools” may have changed, but the buying public will never change, because people and their motivations remain the same.
