Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

### Music First Sixth Edition Answer

We're using this book in an entry level music theory type of course. It's a good book, it covers the topics well, has lots of examples, is laid out well to be a good reference later, and has lots of very helpful exercises. In short, it's a very good book for learning how to read and write music, and some basics about theory.
