Performance And Phenomenology Traditions And

Building on the foundational texts of both fields that established the performativity of perception and cognition, Performance and Phenomenology continues a tradition that considers experience to be the foundation of being and meaning. Acknowledging the history and critical polemics against phenomenological methodology and against performance as a field of study and category of artistic production, the volume provides

Performance and Phenomenology | Taylor & Francis Group

The phenomenological tradition focuses on the experience of self and others through dialogue. There is the intentional analysis of everyday life from the person actually experiencing it. The phenomenologist is interested in how people perceive phenomenon ;events and conditions. They stress that no two persons experiences are the same.
