This is the greatest pimping book written thus far written by a pimp who possesses superior insight and business acumen and knowledge of psychology, both male and female. This book teaches that both men and women can be pimped, unlike other pimp manuals, that only teach you how to mentally enslave women for your own

Pimp is a memoir by Iceberg Slim, a black man who became a pimp in the United States during the 1930's. He shares his background of what led up to his pimp life along with stories that took place during his career. While the book contains many useful tips on how to handle women, I wouldn't call it a pimp manual.
