Colonialism did not cause racism, but it helped to reinforce the belief that Europeans were the dominant race and therefore superior and that other races were subordinate and therefore inferior. On the other hand, colonialism provided opportunities for people of different races, religions and cultures to meet, live and work together.

...

Colonialism is the policy of a country seeking to extend or retain its authority over other people or territories, [need quotation to verify] generally with the aim of economic dominance. In the process of colonisation, colonisers may impose their religion, economics, and other cultural practices on indigenous peoples. The foreign administrators rule the territory in pursuit of their interests ...

This book is the first to explore notions of ethnicity, "race", culture, and nation in the context of the debate on colonialism and postcolonialism. The structure of the book reflects a trajectory of research, starting with a case study in Trinidad, followed by another one in Brazil, and ending with yet another one in Portugal.
