Risikogesellschaft was published in English as Risk Society: Towards a New Modernity in 1992. The ecological crisis is central to this social analysis of the contemporary period. Beck argued that environmental risks had become the predominant product, not just an unpleasant, manageable side-effect, of industrial society.

Reviews : Ulrich Beck, Risk Society: Towards a New ...

Ulrich Beck argues that industrial society that used to be known as the distribution of goods has now been moved toward distributions of risk and hazard named as risk society. In other words in the advanced modern world, the social production of wealth systematically goes hand in hand with social production of risks.
