As a number of recent studies in social and political history have shown, despite the steps taken throughout the 1970s and 1980s toward economic and political liberalization in different countries of the region, the fundamental features of the communist system of Eastern Europe remained unchanged until the late 1980s (Kornai 1991, Garton Ash 1993, Arato 2000). Backed by the military, political, and economic monopoly of the all-embracing Soviet force in the region, the communist party-states ...

Political History (History of Politics) J.J. Sheehan, in International Encyclopedia of the Social & Behavioral Sciences, 2001. Political history is the study of how legitimate power has been defined, distributed, and justified in the past (see Power: Political). Two imperatives, both with ancient roots, link historiography and politics.

Political History - an overview | ScienceDirect Topics

Political history is the narrative and survey of political events, ideas, movements, organs of government, voters, parties and leaders. It is interrelated to other fields of history, especially diplomatic history, as well as constitutional history and public history. Political history studies the organization and operation of power in large societies. By focusing on the elites in power, on their impact on society, on popular response, and on the relationships with the elites in other social hist

Political history - Wikipedia

Social history, often called the new social history, is a field of history that looks at the lived experience of the past. In its "golden age" it was a major growth field in the 1960s and 1970s among scholars, and still is well represented in history departments in Britain, Canada, France, Germany, and the United States.

Social history - Wikipedia

Global and social problems are primarily resolved in the sphere of politics, and the tension between the past and the future is crucial for contemporary changes. Political history provides the tools to understand and critically assess many contemporary problems and changes. Because political history is a historical and social scientific discipline, it takes a much broader view of politics than the traditional state-centred approaches.

The people can choose to give or withhold this power. The idea of the social contract is one of the foundations of the American political system. Origin of the Term. The term "social contract" can be found as far back as the writings of the 4th-5th century BCE Greek philosopher Plato. However, it was English philosopher Thomas Hobbes (1588–1679) who expanded on the idea when he wrote "Leviathan," his philosophical response to the English Civil War.

The Social Contract and Its Impact on American Politics

In The History of Political and Social Concepts, Melvin Richter analyzes the theories which have generated conceptual history, and their reinterpretation of key concepts such as Max Weber's three types of legitimate Herrschaft, and that of civilit in France.

The History of Political and Social Concepts - Melvin ...

Consequently, political history was kept within narrow, institutional terms, comprising the history of the state, of relations between states, and of great statesmen. Political history was, in effect, the history of the state. Most of these Victorian assumptions unravelled during the latter half of the 20th century.
