While the GH36 Tannewitz high speed band saw is the standard for the wood- working industry, there are times when special work loads or problems must be met with other models. Tannewitz has on many occasions come up with the answer by providing customers with lower speeds or band saws with a larger throat eapacity.

VintageMachinery.org | Welcome

Tannewitz XJW Table Saw Manual This morning I created an electronic copy of the manual for the Tannewitz XJW table saw we have at work. Mid-20th century machines like this one were so well made. Their cast iron bodies weighed a ton or more and dampened vibration to an extent rarely seen in contemporary machines. Saws like this one can be had at ...
