·NATIONAL REGISTER· BULLETIN Technical information on comprehensive planning, survey of cultural resources, and registration in the National Register of Historic Places. U.S. Department of the Interior National Park Service Interagency Resources Division

## **·NATIONAL REGISTER· BULLETIN**

The National Register is the government's " official list of historic buildings, districts, sites, structures, and objects worthy of preservation .". For many people, within the preservation field and in the general public, the completion of a National Register nomination is the "be all, end all" of the process.

## **Repairing National Register nominations: technical matters ...**

Overall the quality of National Register nominations is high. Although the number of technical errors remains low, we have had to return significant numbers of photographs because of the use of a new generation of products with limited archival stability. This letter provides updates on the current state of technology related to black and white photographs and the increasing popularity of digital images.
