Some low end routers don't support the NTP command. If your router doesn't accept it, try the same syntax, but substitute SNTP (Simple Network Time Protocol) for NTP. You can find a listing of public NTP servers by searching online for "NTP servers". Learn more about configuring a Cisco router in our two-day Cisco router hands-on

Configuring Cisco ASA
Transparent Mode

Access Free The Accidental

(Version 8.4 and Later)

The following post is based on ASA software version 8.4 and later.

With the release of ASA software version 8.4, Cisco added bridge-groups to the ASA which changed the way that transparent mode is configured. Now, you must assign VLAN interfaces to bridge-groups.
