The Bioterrorism Sourcebook

The Bioterrorism Sourcebook would be best viewed as an introductory primer in preparing healthcare professionals for a bioterrorist attack. While thorough and informative, this text is just the first step in promoting awareness of BCN agents and readying the community as a whole for potential threats.

The Bioterrorism Sourcebook

The Bioterrorism Sourcebook is divided into four main sections, the first setting out basic principles and providing background for addressing the class-specific sections that follow. Section I emphasizes relevant clinical and public health issues as they relate to biologic, chemical, and nuclear (BCN) terrorism and provides the foundation for approaching Sections II through IV.
