### The Mens And Womens Programs

men and women by prohibiting discrimination on the basis of sex in education programs and activities receiving any federal financial assistance, including federally backed student loans and research grants and contracts. Women's participation in higher education can present only one facet of women's status in our nation's economy and society.

### Men's and Women's Participation in Higher Education

The program will support multi-faceted strategies that involve men as allies, upstanders (active positive bystanders) and influencers of other men and youth. The program aims to develop new male leaders in the field who are willing to publicly speak and act to oppose violence against women and girls; and create a ripple effect, encouraging men in many more states and communities to get involved.

Title IX compliance is assessed through a total program comparison. In other words, the entire men's program is compared to the entire women's program, not just one men's team to the women's team in the same sport. The broad comparative provision was intended to emphasize that Title IX does not require the creation of mirror image programs.
