EU legislation is divided into primary and secondary. The treaties (primary legislation) are the basis or ground rules for all EU action.

Secondary legislation - which includes regulations, directives and decisions - are derived from the principles and objectives set out in the treaties.

Protection Regulation (GDPR) is the toughest privacy and security law in the world.

Though it was drafted and passed by the European Union (EU), it imposes obligations onto organizations anywhere, so long as they target or collect data related to people in the EU. The regulation was put into effect on May 25, 2018.
