The Political Economy of Regionalism by Edward D. Mansfield

Drawing on the considerable country experience and expertise of the authors, the book attempts to unravel the paradox of the market-driven economic globalization process (regionalism) and address a serious gap in the current literature relating to the political-economic characteristics and strategies of China, Japan and Korea in relation to economic regionalism.

The Political Economy of New Regionalism in Northeast Asia ...

Instead, probably like in the United States, it is a sign of short-term economic, political and bureaucratic considerations. Today, EC regionalism stands at a cross-roads with three possible options. One extreme is to continue along the regional path, all the way down to the demise of the multilateral trading system.

The political economy of EC regionalism - ScienceDirect

Economic regionalism, institutional arrangements designed to facilitate the free flow of goods and services and to coordinate foreign economic policies between countries in the same geographic region. Economic regionalism can be viewed as a conscious attempt to manage the opportunities and constraints created by the dramatic increase in international economic ties since the end of World War II.
