Economy of Rural Society in Vietnam is a non-fiction book by University of California, San Diego political scientist Samuel L. Popkin. Originally conceived to be a reflection on the Vietnam Revolution, the book introduces the term "political economy" as a new theory of peasant behavior. Popkin surveys the precolonial, colonial, and revolutionary

411. THE RATIONAL PEASANT. The Political Economy of Peasant Society. SAMUEL POPKIN. This essay concerns the impact of colonialism, the expansion of markets, and the formation of central states on peasant society. I shall discuss both. the widely-accepted interpretation of this impact, the moral economy.

The level of selective incentives in any peasant upheaval is a function of demand and supply considerations. Peasants demand selective incentives. The suppliers include one or more dissident peasant organizations, the authorities, and the allies of both. A political struggle ensues as the suppliers compete and attempt to monopolize the
