Winning the stock market game is a matter of knowing which game you're playing. Winning the stock market game is possible but not how most investors go about it. It's no secret that investors are notorious for under-performing the stock market, realizing returns far below the general market. Data for the ten years through 2013 shows that the average investor earned an annual return of just 2.6% compared to a return of 7.4% for stocks and 4.6% for bonds.
